STATE OF THE ART HANDLES

Feel. Touch. Live.

Per noi le maniglie ed i complementi sono un'arte che rappresenta la connessione tra le persone e l'architettura. Lasciamo ad architetti e clienti la facoltà di rispondere alla domanda sul ruolo che le maniglie dovrebbero svolgere come elementi di accentuazione dei dettagli. La nostra gamma di prodotti offre una ricchezza ineguagliabile di opzioni formali, materiali e tecniche.

Fama con oltre 90 diversi modelli tra cui scegliere, disponibili in 77 finiture e realizzati con metalli di pregio quali bronzo, alluminio o ottone è in grado di soddisfare ogni esigenza di design, dal classico al contemporaneo. Tutte le nostre maniglie, sono disponibili con standard europei ed americani, sono trattate con finitura antibatterica e garantite a vita.

Fama Design, nessun compromesso.

***F**or us, handles and accessories are an art that represents the connection between people and architecture. We leave it to architects and clients to answer the question about the role that the handles should play as elements of accentuation of the details. Our product range offers an unrivaled wealth of formal, material and technical options.*

Fama with over 90 different models to choose from, available in 77 finishes and made with precious metals such as bronze, aluminum or brass, is able to satisfy every design need, from classic to contemporary. All our handles are available with European and American standards, are treated with an antibacterial finish and guaranteed for life.

Fama Design, no compromise.

Fabia Peggi

Le finiture superficiali comprendono vernici opache, lucide, semi-lucide, metallizzate e perlato, bagni in argento e trattamenti galvanici come la cromatura e la nichelatura. Ogni maniglia, è trattata e controllata singolarmente per garantirvi i massimi standard di produttivi. Tutte le nostre finiture, oltre ad una funzionalità estetica, hanno anche il compito di proteggere e salvaguardare la qualità dei nostri prodotti, garantendone la durata nel tempo.

The surface finishes comprise opaque paint, gloss, semi-gloss, metallic and pearl, silver and galvanic baths treatments such as chromium plating and nickel plating. Each handle is treated and controlled individually to guarantee the highest standards of production. All our finishes, in addition to an aesthetic functionality, also have the task of protecting and safeguarding the quality of our products, guaranteeing their durability over time.

Maniglie

A close-up, diagonal shot of a wooden handle, likely for a golf club, set against a dark, textured background. The wood grain is clearly visible, showing a natural, light brown color with darker streaks. The handle is positioned from the bottom left towards the top right.

Notes

A close-up, low-angle photograph of a fountain pen nib, likely a fountain pen nib, resting on a dark, textured surface. The nib is illuminated from the right, creating a bright highlight along its length and casting a soft shadow to the left. The background is a dark, textured surface, possibly a book cover or a piece of paper. The word "Battenti" is overlaid in a white, sans-serif font on a white rectangular background that is partially transparent, allowing the nib's texture to be visible through it.

A close-up, low-angle shot of a brass door handle against a dark, textured background. The handle is positioned on the right side of the frame, with its curved top and cylindrical base visible. The lighting is dramatic, highlighting the metallic sheen of the brass and the fine texture of the dark surface. The overall mood is sophisticated and elegant.

Cerniere

Notes

Catenacci

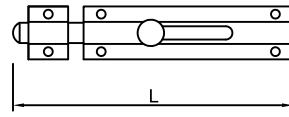

A close-up, low-angle shot of a door handle and bolt mechanism. The handle is a polished, cylindrical metal piece with a textured grip. The bolt is a long, cylindrical metal rod extending from the handle. The lighting is dramatic, highlighting the metallic surfaces against a dark, textured background.

Certifications

La qualità è da sempre il principio ispiratore nelle attività di Fama International. Ci prendiamo cura dei nostri clienti e ci impegnamo continuamente a garantire i più alti standard in termini di qualità e sicurezza, in un'ottica di ecosostenibilità.

Per questo motivo ci siamo sfidati entusiasticamente nell'ottenere le più importanti certificazioni in ambito di gestione della qualità, gestione ambientale per garantire una produzione rispettosa dell'ambiente e per la sicurezza e la salute dei lavoratori.

Crediamo fortemente che questo ci aiuti a fornire ai nostri clienti servizi e prodotti coerenti con la nostra filosofia. I nostri esperti del team di qualità e sicurezza lavorano con i clienti per soddisfare le loro aspettative e le costanti necessità di aggiornamento alle ultime tecnologie, materiali e processi.

Fama adotta lo stesso approccio nei confronti del personale: condizioni di lavoro sicure e salutarie sono un dovere e ci impegniamo a migliorarle anno dopo anno.

Quality has always been the guiding principle in Fama International's activities. We take care of our customers and are continuously committed to guaranteeing the highest standards in terms of quality and safety, with a view to eco-sustainability.

For this reason we have enthusiastically challenged ourselves to obtain the most important certifications in the field of quality management, environmental management to ensure environmentally friendly production and for the safety and health of workers.

We strongly believe that this helps us to provide our customers with services and products consistent with our philosophy. Our quality and safety team experts work with customers to meet their expectations and constant needs to upgrade to the latest technologies, materials and processes.

Fama adopts the same approach towards its staff: safe and healthy working conditions are a must and we are committed to improving them year after year.
